You must report any qualifying life event to Dayforce within 30 days of the occurrence of the event to be allowed to make a change. Proof of qualifying event will be requested. Examples of qualified life events include:

- Marriage, divorce, legal separation, domestic partner changes
- Dependent losing or gaining coverage elsewhere
- Birth, adoption, legal guardianship
- Death of a spouse or child
- Become eligible for assistance under a Medicaid plan, State Exchange Plan or Medicare
- Leave of Absence

See the **Qualifying Life Event** document for additional important information and useful examples.

- Start by logging in at <u>Dayforce</u>.
- Select the Benefits in the Navigation bar.
- Select the update that is needed and click Start Enrollment.
- You are not considered enrolled in benefits until you click the Submit button AND receive a confirmation that your enrollment has been successfully approved. Dependent coverage will be activated once the required supporting documentation has been reviewed and approved.

To ensure a smooth enrollment process, we recommend completing your enrollment in one sitting. Dayforce does not save partial entries, so if you exit before finishing, you will need to start over.

Important Reminders

Medical Plans with Collective Health

(Anthem Blue Cross Network)

You have the option of two plans through Collective Health, a PPO and High Deductible Health Plan (HDHP).

- Employees may seek services from in-network and out-of-network providers.
- Utilizing an in-network provider offers an enriched benefit; a lower deductible, a lower coinsurance charge, and expenses over the usual and customary limit are waived.
- If an out-of-network provider is selected, the employee may be responsible for charges above the usual and customary limit. Benefits are paid on covered charges after the deductible is satisfied on certain services under the PPO plan.
- Under the HDHP the full deductible must be satisfied first for all services before benefits are paid.
- Coverage out of the country are only covered in emergency situations.
- If you are currently enrolled in the CA Times Medical Plan and a Medicare plan, please ensure you let your provider know that you are covered by your employer benefits plan. Your provider will need your insurance information for both plans, the CA Times plan is considered primary and then Medicare is secondary. This means that the CA Times plan pays first, and Medicare pays second.

Understanding the Collective Health Plans (Anthem Blue Cross Network)

The Collective Health PPO (Preferred Provider Organization) Medical Plan is designed with a preferred network that includes most, but not all, doctors and hospitals. You do not need to designate a primary care physician or a get a referral to see specialists; you can see doctors you choose for your medical needs. If you see in-network doctors, you will generally pay less than if you see doctors out-of-network. With the PPO plan you can elect a Health Care Flexible Spending Account (HCFSA), which also offers tax advantages.

The Collective Health High Deductible Health Plan (HDHP) gives you the option to use a Health Savings Account (HSA). An HSA is a tax-advantaged savings account owned by you and can be used to pay for qualified medical expenses that you may incur now or later for you and your dependent(s). You are allowed to fund an HSA by electing a pre-tax contribution.

How the PPO Medical Plan Works

First, enroll.

- Go to Dayforce and complete the enrollment process and choose the Collective Health PPO Plan.
- Employees who participate in the Collective Health PPO plan will be eligible to make contributions into a Health Care Flexible Spending Account (HCFSA).

Then.

reach your deductible.

- You'll pay out of your pocket for certain in-network services and prescriptions until you reach your deductible.
- Once you reach your deductible, coinsurance kicks in.
- You can use money in your HCFSA to pay for these expenses.

Finally,

insurance pays 100 percent.

• If you reach your out-ofpocket maximum during the calendar year, the plan pays at 100% of any additional eligible expenses.

How the HDHP Medical Plan Works

First, enroll.

- Go to Dayforce and complete the enrollment process and choose the Collective Health HDHP Plan.
- This is also when you elect your HSA contribution, if any. California Times offers an HSA account through Health Equity.

Then

reach your deductible.

- Whenever you need care or a prescription, you'll be responsible for paying the full amount until you reach your deductible.
- Once you reach your deductible, coinsurance kicks in.
- You can use money in your HSA to pay for these expenses.

Finally,

insurance pays 100 percent.

 If you reach your out-ofpocket maximum during the calendar year, the plan pays 100% of any additional eligible expenses.

Preventive Benefits with Collective Health (Anthem Blue Cross Network)

Think of preventive care as a check-in for your body when you are healthy. Preventive care services like immunizations, certain screening tests, and routine check-ups help you avoid illness and improve your physical health and wellbeing.

What's covered by your plan as "preventive care" can vary by depending on things like your gender, age, and certain risk factors.

Why preventive care?

- Your plan covers in-network preventive care at \$0 out-of-pocket cost to you. At no cost, it is a simple way to get healthcare that you need.
- Preventive care does double-duty; it helps you take care of your current health as well as keeps you informed about potential health risks.
- Early screenings and tests are effective to catch other health conditions sooner which can lead to better treatment outcomes.
- And, if you are unable to find in-network preventive care in your area, Collective Health's member advocates are there to help you with what you need.

Medical Plans with Kaiser

You have the option of two plans through Kaiser Permanente, Traditional HMO and Signature (Deductible) HMO plans. Kaiser is an HMO plan with a closed network of providers. The HMO plan is designed for you to choose a primary care physician from Kaiser's network.

- The Traditional HMO plan covers the cost of services only when authorized with simple copays and coinsurance and no annual deductible applies.
- Through the Signature (Deductible) HMO plan, you will pay the full charges for some services until you reach your deductible. After you reach your deductible, you'll start paying less a copay or a percentage of the charges (coinsurance) for the rest of the plan year.
- If you are currently enrolled in the CA Times Medical Plan and a Medicare plan, please ensure you let your provider know that you are covered by your employer benefits plan. Your provider will need your insurance information for both plans, the CA Times plan is considered primary and then Medicare is secondary. This means that CA Times plan pays first, and Medicare pays second.

Please take time to review the table that follows. We want you to make the right choice for you and your family. This is a brief summary only. In the event of a discrepancy, plan documents will prevail. Certain limitations and exclusions apply. For exact terms and conditions, please refer to the summary plan description located within the CA Times Benefits Portal.

Medicare 101

If you or your eligible dependent are nearing retirement age, or are over 65 and still working, you may have questions about Medicare.

What Is Medicare?

Medicare is health insurance for people who are age 65 or older, under 65 with certain disabilities, or any age with End-stage Renal Disease (permanent kidney failure).

Original Medicare options:

- Medicare Part A (known as hospital insurance) helps cover inpatient care in hospitals, skilled nursing facilities, and hospice and home health care.
- Medicare Part B (known as medical insurance) helps cover medical services like doctors' services, outpatient care and other medically necessary services that Part A doesn't cover.

Additional plans offered through private insurers:

- Medicare Part C (known as Medicare Advantage Plans)
 are a combination plans managed by private
 insurance companies approved by Medicare.
- Medicare Part D (known as Medicare drug plan) is prescription medication coverage that pays above and beyond Original Medicare Part A and Part B and is available to everyone with Medicare. It is a separate plan provided by private Medicare - approved companies, and you must pay a monthly premium.
- Medicare Supplemental Plan (known as Medigap plan) is insurance designed to work with Original Medicare. Original Medicare does not cover all costs associated with covered health services and supplies. Medigap can cover some of the remaining health care costs, such as coinsurance, deductibles and copayments.

When do I enroll?

- Upon becoming eligible for Medicare, you have seven months to sign up for Part A and/or Part B, this is called the initial enrollment period. Failure to enroll within your enrollment period, may result in penalties determined by Medicare.
- If your Medicare eligibility begins when you turn 65, you can sign up during the 7-month initial enrollment period which begins 3 months before the month you turn 65, includes the month you turn 65, and ends 3 months after the month you turn 65.
- When you are nearing eligibility, it's important to understand your options so you can make informed decisions. Individual circumstances will ultimately determine when you should enroll in Medicare.
- If you are eligible for Medicare or approaching the age of 65,

Flexible Spending Accounts (FSAs) and Health Savings Account (HSA)

You are offered various Flexible Spending Accounts (FSAs) through WEX, a Health Savings Account (HSA-only available for HDHP members) through Health Equity, and a Commuter Benefit through Health Equity. These plans allow you to contribute on a pre-tax basis to pay for qualified expenses. Please review the below for a comparison of the different types of tax-advantages of these accounts. You must select the amount you want to contribute for the specific spending account, the funds cannot be transferred between accounts. Please refer to the CA Times Benefits Portal for a more information on qualified expenses list and claim forms.

Health Care FSA (HCFSA)*	You can contribute up to \$3,300 each year (minimum of \$100) on a pre-tax basis to pay for eligible medical, dental, and vision expenses incurred by you and your family during the plan year. Our plan has a rollover feature for unused funds at the end of the calendar year.
Limited Purpose FSA (LPFSA)*	When enrolled in the High Deductible Health Plan (HDHP) and a Health Savings Account (HSA) you may also elect a Limited Purpose FSA (LPFSA) concurrently, allowing you to receive reimbursement for eligible dental and vision expenses only. If enrolled in the HDHP, but not an HSA, you may enroll in the Full Purpose Healthcare FSA with access to all eligible medical, dental, and vision reimbursements. Same limits as the HCFSA apply for LPFSA.
Dependent Care FSA (DCFSA)	Per IRS rules, the total that each family can elect for a Dependent Care FSA must not exceed \$5,000 per household, minimum of \$100, (\$2,500 each if married and filing separately). Eligible dependent care expenses applies for dependent children through the age of 13 or your spouse or child who is physically or mentally incapable of self-care and lives in your home.
Claims	For 2025, you have until the end of the plan year of 12/31/2025 to incur claims for all FSA plans and request for claim reimbursement must be submitted by 3/31/2026.
When are my FSA funds available?	For the Healthcare and Limited FSA plans, all funds selected will be immediately available to you on day one of your plan, you do not need to wait to accrue the funds. For Dependent Care FSA, you can only use funds as they are deducted from your paycheck and deposited into your account.
Carryover Feature	For the Healthcare and Limited FSA plans, you can carry over unused funds from previous plan year. Any balances below \$100 or above the maximum allowed amount will be forfeited. There is no carryover of unused Dependent Care FSA funds. Maximum carryover amounts: $2024 \rightarrow 2025 = \640 $2025 \rightarrow 2026 = \660
Health Savings Account (HSA) (only available to HDHP members)	If you enroll into the HDHP health plan you can contribute up to \$4,300 for a single and \$8,550 for a family for the 2025 plan year to pay for eligible qualified health care expenses incurred by you and your eligible dependents. Individuals age 55 and over can put an additional \$1,000 in "catch-up" contributions annually. You can be reimbursed only up to the amount in your account at the time you request reimbursement. HSA funds are yours for life, you maintain ownership of the account even after you leave the company or retire. By law if you are enrolled Medicare, you may not contribute to an HSA.
Commuter Benefit*	A Health Equity Commuter program is a pre-tax benefit that can save you on parking and public transit-that includes train, subway, busy and eligible vanpool as part of your daily commute to work. You can contribute up to \$325 pre-tax for public transit per month. CA Times subsidizes up to \$70 monthly. Subsidy is only available to employees who commute to work by public transit. By submitting your commuter election/enrollment, you agree to receive a deduction out of your check for any elected benefit over \$70. You can also contribute up to \$325 pre-tax for parking as part of your daily commute to work. Visit CA Times Benefit Portal for details on how to enroll. You can enroll anytime during the year.

When can you join the plan?

Regular Full Time or Regular Part Time Employees (working between 30 – 40 hours per week) are eligible upon reaching age 21 and completing 30 days of service. You will be able to waive or make changes to your contributions after 30 days of service not anytime sooner. Please review automatic enrollment details below.

Regular Part Time Employees (working less than 30 hours per week), Temporary Employees or Interns are eligible upon reaching one year of service and 1,000 hours of work and must be 21 years of age or older.

How much can you contribute?

You can contribute up to 100% of your pay pre-tax, Roth 401(k) after-tax basis (minus applicable taxes and benefit deductions), or a combination of the two. The IRS also sets dollar limits on contributions. For current IRS limits, visit vanguard.com/contributionlimits.

If you make salary deferrals for a given year in excess of the IRS deferral limit because you made salary deferrals under this Plan and a plan of an unrelated employer, you must ask one of the plans to refund the excess amount to you. If you wish to take a refund from this Plan, you must notify the Plan Administrator by March 1 of the next calendar year so earnings may be refunded by April 15.

401(k) Employer Match

- For every \$1 you contribute of the first 2% of your eligible pay, the company will contribute \$1.
- For every \$1 you contribute of the next 4% of your pay, the company will contribute \$0.50.
- So, to get the full amount, contribute at least 6% of your eligible pay to receive a 4% contribution.
- The matching contribution shall be made each pay period where an employee contributes in that pay period.

How to Enroll

You will be able to waive or increase your contributions after 30 days of service by calling Vanguard at **(800) 523-1188** or by visiting <u>vanguard.com/jointoday</u>. You'll need your plan number (094880) to take some of these actions.

Automatic Enrollment

If no action is taken to choose a contribution percentage, you will be automatically enrolled 60 days after your hire date at 3% contribution, increasing by 1% per year to a 10% cap.

401(k) Vesting Rules:

Any money you contribute from your paycheck is immediately vested. That means you have complete ownership and can take that money with you if you leave your job. However, the employer's match contribution is vested over time. You will become fully vested after two years of service. A service year is credited after 1,000 hours of service earned during a calendar year.

Employee Contributions for 2025 Plan Year

CA Times is proud to provide you with competitive benefits and the ability to choose the coverage that meets your needs. Your cost for coverage will vary depending on the option and level of coverage you choose. Medical premiums are based on salary bands, above \$100,000 and below \$100,000. For new hires, your salary at your hire date is what will be used to determine the salary band. For employees that have been with the company your salary in October is what is used to determine the salary band (frozen salary). Contributions below are based on 26 pay periods. These are the amounts that will be deducted per paycheck for the plan year of 1/1/2025 - 12/31/2025. The cost will remain the same regardless of compensation changes through the year for non-commission employees. The Company reserves the right to update the aforementioned as needed with advance notice. For employees transitioning to a benefits eligible class, the salary will be updated to reflect the salary at transition.

For employees on a commission plan, your medical premiums will adjust according to your Annual Benefits Base Rate (ABBR) made during the fiscal year. This is defined as your base salary plus the commissions earned during the fiscal year. Please note, deductions will adjust in March 2025. For commission employees hired after January, your salary at hire is used for the remainder of the year.

The Company reserves the right to update the aforementioned as needed with advance notice.

However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother of her newborn earlier than 48 hours (or 96 hours as applicable). Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits. Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator (see cover page for contact information). You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.] [For individual market policies and nonfederal governmental plans, insert: You may also contact the U.S. Department of Health and Human Services at www.healthreform.gov.

Form Approved OMB No. 1210-0149

PART A: GENERAL INFORMATION

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

WHAT IS THE HEALTH INSURANCE MARKETPLACE?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

CAN I SAVE MONEY ON MY HEALTH INSURANCE PREMIUMS IN THE MARKETPLACE?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

DOES EMPLOYER HEALTH COVERAGE AFFECT ELIGIBILITY FOR PREMIUM SAVINGS THROUGH THE MARKETPLACE?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit. ¹

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution—as well as your employee contribution to employer-offered coverage—is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

HOW CAN I GET MORE INFORMATION?

For more information about your coverage offered by your employer, please check your summary plan description or contact CA Times Benefits Dept. at (213) 237-2165 or <u>CATimesBenefits@caltimes.com</u>.

¹ The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit **HealthCare.gov** for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

¹ An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2024. Contact your State for more information on eligibility.

IMPORTANT NOTICE FROM NANTMEDIA HOLDINGS, LLC DBA CALIFORNIA TIMES ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- 1) Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
- 1) NantMedia Holdings, LLC dba California Times has determined that: The prescription drug coverage for the NantMedia Holdings, LLC dba California Times, Anthem BC High Deductible Health Plan (HDHP), Anthem BC PPO, Kaiser HMO Traditional, Kaiser Deductible, Kaiser Mid-Atlantic, United Healthcare Global and HMSA PPO plans are, on average for all plan participants, expected to pay out as much or more as the standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15 to December 7.

However, if you decide to drop your current Anthem BC PPO, Kaiser HMO Traditional, Kaiser Deductible, Kaiser MidAtlantic or HMSA PPO coverage, you will be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan. However, if you are enrolled on the Anthem BC HDHP, you must wait until the next Medicare Part D annual enrollment period to join a Medicare drug plan. You also may pay a higher premium (a penalty) because you did not have creditable coverage under the Anthem BC HDHP.

WHAT HAPPENS TO YOUR CURRENT COVERAGE IF YOU DECIDE TO JOIN A MEDICARE DRUG PLAN?

If you decide to join a Medicare drug plan, your current NantMedia Holdings, LLC dba California Times coverage will not be affected. For most persons covered under the Plan, the Plan will pay prescription drug benefits first, and Medicare will determine its payments second. For more information about this issue of what program pays first and what program pays second, see the Plan's summary plan description or contact Medicare at the telephone number or web address listed below. The NantMedia Holdings, LLC dba California Times prescription drug coverage is part of our medical plan. If you do decide to join a Medicare drug plan and drop your current prescription drug coverage, your coverage under the NantMedia Holdings, LLC dba California Times medical plan will also end. If coverage ends, you and your dependents may only be able to get this coverage back during open enrollment, unless you experience a status change that allows you to enroll in coverage mid-year.

WHEN WILL YOU PAY A HIGHER PREMIUM (PENALTY) TO JOIN A MEDICARE DRUG PLAN? You should also know that if you drop or lose *creditable coverage* and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later. The Anthem BC HDHP is not creditable coverage.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

FOR MORE INFORMATION ABOUT THIS NOTICE OR YOUR CURRENT PRESCRIPTION DRUG COVERAGE...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Or contact the person listed below.

NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through NantMedia Holdings, LLC dba California Times changes. You also may request a copy of this notice at any time.
