

Bay Club Membership Benefit

We're excited to announce that California Times has renewed its partnership with Bay Club to offer employees access to membership at a significantly discounted rate.

Eligible Los Angeles Times and L.A. Times Studios employees whose assigned work location is El Segundo or Fountain Valley may join Bay Club's Executive Club L.A. program, which includes the El Segundo, Redondo Beach and Santa Monica Bay Club campuses, for \$50 per month (regularly \$275/month). This program grants you a full value membership at a fraction of the cost, and the initiation fee is waived. You also have the opportunity to upgrade to a couple or family membership.

For details about the facilities and amenities available at the El Segundo, Redondo Beach and Santa Monica Bay Club campuses, go to: bayclubs.com/los-angeles-campus.

Please note that this optional benefit is available for employees to enroll with and pay directly to the Bay Club. Employees may contact Tommy Brooks at Bay Club (Thomas.Brooks@bayclubs.com) to begin the membership process.
